Are the courses completed at my own pace?

FAQ · https://training.fairhousinginstitute.com/docs/pace/

Yes! All of our online courses can be started, stopped, and resumed at whatever pace you wish. The only part of any course we recommend you complete in a single sitting is the certification exam at the end. Once you purchase a course or a course seat is assigned to you, **you will have 180 days to complete it.** You can start and stop the course at any time, and your progress will be bookmarked.
