What is a Group Account?

Purchases For Your Team · https://training.fairhousinginstitute.com/docs/what-is-a-group-account/

A group account allows for purchasing several seats at a time in any course and for distributing those seats to individual team members.

As a Group Leader, you can see your team’s progress and have access to their certificates once they have passed the final exam. You will need a different group for each course you purchase, and we strongly encourage you to name each group using your property/management company name and the course name, along with the current year.

For example: Company Name – Course Name - Year
