I’m a Group Leader, can I also take courses?

Purchases For Your Team · https://training.fairhousinginstitute.com/docs/group-leader-training/

Yes! Just add yourself in the same way you would add an employee. Keep in mind that if you add yourself with an email different from your Group Leader account, you will be creating a second account for yourself. **It is recommended that you add yourself with the same email address as your Group Leader account** to avoid confusion and to be able to access your courses and manage your groups from the same account.
