The *Fair Housing and Student Living* course addresses compliance challenges specific to student housing, including occupancy standards, roommate matching, and marketing. It’s recommended for **student housing managers, leasing agents, and property owners** who want to ensure fair and consistent practices in student communities. Keep in mind that this course is for targeted training to build on fair housing fundamentals. We recommend that, if you haven't already, you also complete the Basics of Fair Housing course or Fair Housing in a Flash.
